

UPCOMING CONSTRUCTION

Project No. 20250048/Work Order No.5

NEW TRAFFIC SIGNAL PROJECT

Brickell Bay Drive and SE 12 Street

PROJECT DESCRIPTION:

The project is located at Brickell Bay Drive and SE 12 Street, in Miami-Dade County Commission District 5. The scope of work includes, but is not limited to, construction of a new traffic signal, installation of mast arms, pedestrian signal heads, pedestrian pushbuttons, a traffic signal controller cabinet, ADA-compliant pedestrian ramps, vehicle video detection equipment, and milling & resurfacing. The work is intended to improve the safety and efficiency of traffic operations at the intersection.

CONSTRUCTION SCHEDULE:

Construction began in August 2026 and is expected to be completed by March 2027. As of September 13, 2026, construction activities include soft digging for utility relocation, with additional construction activities taking place as needed throughout the duration of the project.

Work will take place intermittently, as needed. Typical construction hours will be **weekdays from 8 a.m. to 5 p.m.** No weekend work is anticipated.

During construction, the public may notice construction crews and equipment on site, temporary sidewalk closures and pedestrian detours, protected or barricaded work and debris areas, construction-related noise, and other activities associated with the work. Public parking spaces within or near the work area may also be temporarily occupied by construction vehicles and equipment, as needed.

Pedestrian Maintenance of Traffic (MOT) measures will be implemented, as needed, to provide safe pedestrian access around active work areas.

The construction schedule is subject to change. Work activities may occur intermittently based on project needs, utility coordination, field conditions, weather, and other factors that may affect the construction schedule.

METHODOLOGY AND EFFORTS:

All efforts are being made to minimize the impact of the construction activities on area residents, schools, businesses, and motorists. The area will be restored to its original condition immediately upon completion of the construction activities. The restoration efforts will address any areas impacted by the project, such as grassy areas, landscaping, and other items affected by the construction.

If you have any questions or require additional information, please contact the Department of Transportation and Public Works at (305) 375-2810 or by email at DTPWOutreach@miamidade.gov.
