MY DISCOVERY BOOK

Mi libro de descubrimientos

Hi, I'm Pip! Let's keep the fun going at home.

¡Hola, soy Pip! Sigamos la diversión en casa.

For grown-ups

Para los adultos

Thank you for joining us at the 5th Annual Not So Spooky Celebration! This book brings five of the night's stations home. Each activity takes about 10 to 20 minutes, and you can do them in any order.

¡Gracias por celebrar con nosotros! Este libro trae cinco estaciones de la fiesta a tu casa.

WHAT YOU'LL NEED

O-shaped cereal and yarn
Cornstarch and water
Flour, salt, oil and food coloring
Plastic cups and small toys
Crayons or markers
A phone timer

SAFETY FIRST

Help with anything in the kitchen.

Cereal, coins and small toys can be choking hazards for children under 3.

Oobleck and homemade dough are not for eating. Toss them in the trash, not the sink.

Meet Pip! I'm on every page with a tip. After each activity, your child colors in a badge. Finish them all to earn the Certified Discoverer page at the back!

SHARE YOUR DISCOVERIES

Post a photo of your oobleck, your pattern necklace or your finished certificate and tag @brickellhomeowners. We'd love to see!

Patterns are everywhere

Los patrones están en todas partes

Your keychain had 2 letters and colorful beads. When colors repeat in the same order, like orange, purple, orange, purple, that is a pattern!

Pip says: Clap, stomp, clap, stomp. A pattern can be a sound too!

POINT + DISCOVER

Find the 2 letters on your charm.

Say your bead colors out loud.

Do they make a pattern?

FINISH THE PATTERN

Color the empty beads.

YOUR AT-HOME MISSION

String O-shaped cereal on yarn to make a pattern necklace. A grown-up ties the ends.

Haz un collar con cereal en forma de O y crea tu propio patrón.

Color your badge!
¡Colorea tu insignia!

Tell someone: Why did you pick your 2 letters?

Squishy science: make oobleck

Ciencia blandita: haz oobleck

Slime stretches because it is made of long, wiggly chains.
Oobleck is another squishy mystery. Squeeze it and it feels solid.
Let go and it drips like a liquid!

Pip says: Poke it fast, then push your finger in slowly. Feel the difference?

GATHER

1 cup cornstarch
About 1/2 cup water
A bowl and a spoon
Food coloring (optional)
A tray

1. **Pour** the cornstarch into the bowl.
2. **Stir slowly**, adding water a little at a time until it feels like thick honey.
3. **Squeeze a ball**, then open your hand and watch it drip!

WONDER TOGETHER

Is oobleck a solid or a liquid? What do you think, and why?

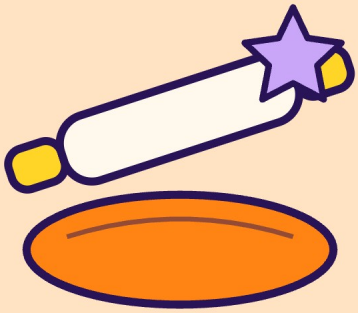
¿El oobleck es sólido o líquido? ¿Qué piensas tú?

Color your badge!
¡Colorea tu insignia!

Grown-up tip: oobleck is messy, so play on a tray. When you are done, throw it in the trash, not down the sink.

Mix your own pumpkin dough

Haz tu propia masa de calabaza



You rolled, squished and shaped at the Play-Doh table. Now make your own batch at home with things from your kitchen!

Pip says: Orange dough makes the best pumpkins. Trust me, I know!

GATHER

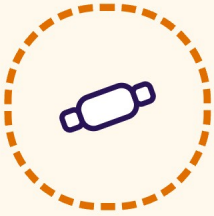
2 cups flour
1/2 cup salt
2 tablespoons oil
About 3/4 cup warm water
Orange food coloring

1. **Mix the dry:** flour and salt in a big bowl.
2. **Add the wet:** a grown-up mixes the oil, warm water and color, then pours it in.
3. **Knead** until smooth. Too sticky? Add a little flour.

SHAPE CHALLENGE

Make a pumpkin face, a friendly ghost and a spider with 8 legs, just like the mats!

Reto: forma una calabaza, un fantasma y una araña de 8 patas.



Color your badge!
¡Colorea tu insignia!

Grown-up tip: this dough is very salty, so it is for playing, not eating. Keep it in a zip bag so it stays soft.

Practice makes you faster

Practicar te hace más rápido

Every time you practice, your brain learns the moves a little better. That is why your second try is often faster than your first!

Pip says: Ask a grown-up to shout "Go!" and time you on a phone.

PICK A CHALLENGE

Stack 6 cups into a tower

Put 10 toys in a bin

Put on your shoes and socks

Challenge	Try 1	Try 2	Try 3

YOUR AT-HOME MISSION

Pick a challenge, try it 3 times and write down your times. Did you get faster?

Elige un reto, inténtalo 3 veces y anota tus tiempos. ¿Fuiste más rápido?

Color your badge!
¡Colorea tu insignia!

Tell someone: Which try was fastest? What did you do differently?

I spy in our neighborhood

Veo, veo en mi vecindario

You colored the Miami skyline. Now find the real thing! Take this page on your next walk along The Underline or around Brickell.

Pip says: Check off each thing you spot. Can you find them all?
